A Great Start On... A NEW BEGINNING.

THESE ARE THE DAYS

a Torch

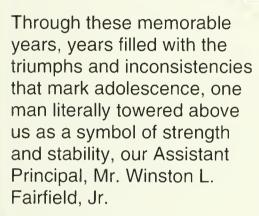

Dedication

By Alexandra Nordberg and Jessica Sproule

DURING THESE PAST four years at East Bridgewater High School, the Class of 2007 experienced many changes among our friends, our teachers, our coaches, our principals, and perhaps, most notably, within ourselves.

During our time at EBHS, Mr. Fairfield was a fixture at sporting events, student performances, and award ceremonies. He showed us repeatedly that he was not one to just sit and watch from the sidelines. Instead, he motivated students by getting involved with cheers of encouragement. Mr. Fairfield's outstanding commitment to the school and seniors was evident vet again during class color day of Spirit Week, when he wore the senior color -- red -- to motivate the seniors to win the "Most Spirited" award.

In many ways, Mr. Fairfield was the anchor of our class: He was there for it all. We ran to him with exciting news. We brought him our concerns. Sometimes, we even attempted to run *from* him in foolhardy attempts to avoid punishment.

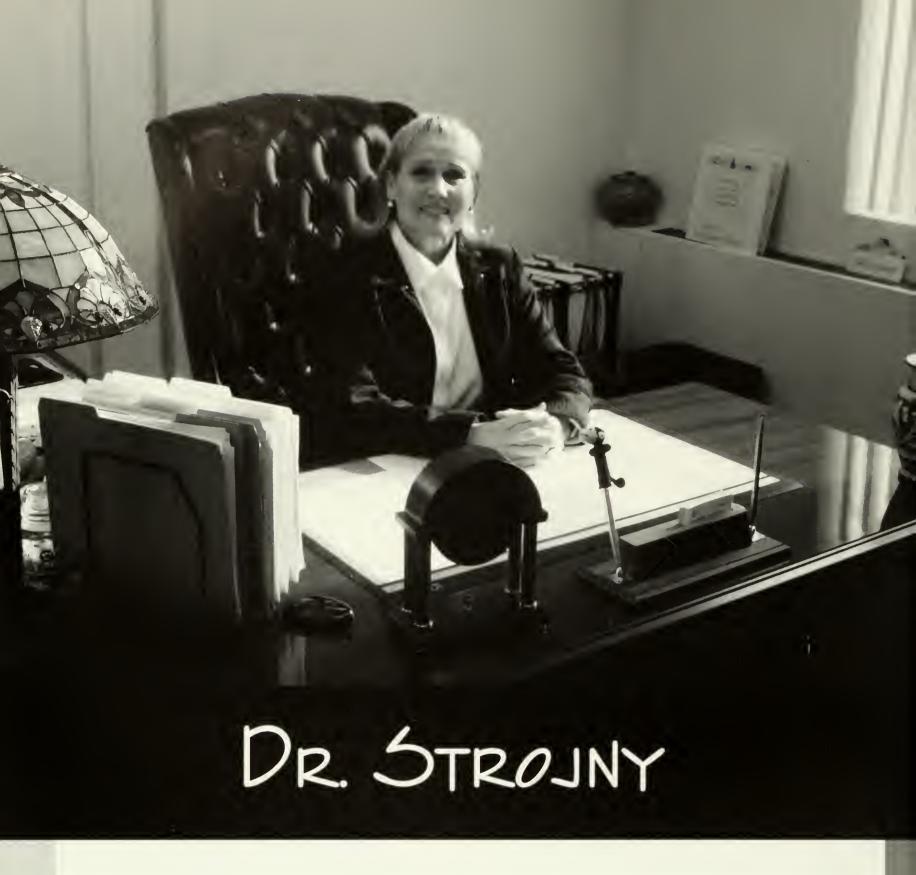

Through it all, Mr. Fairfield was there for us. He dedicated his life to his students and school. He demonstrated this commitment everyday. Mr. Fairfield could always liven up a bad day with a few power claps and the biggest "Hoorah" anyone could imagine.

Mr. Fairfield deserves more recognition than anyone could ever give him. It is with that thought in mind that the Class of 2007 dedicates the 2007 Torch Yearbook to our assistant principal and biggest advocate, Mr. Fairfield.

Sincerely,
The Class of 2007

E.B.H.S.

Dear Class of 2007,

The close of your senior year opens the book that will tell the story of your life. As you leave East Bridgewater High School remember to embrace the opportunity to make a difference in the world; never quell your curiosity or stop learning; remember to give more than you take and; always do and be your best.

In closing, congratulations on your graduation and best wishes for a fulfilling life.

Sincerely,

Dr. Strojny

Superintendent of Schools

PRINCIPAL VIEIRA

Dear Class of 2007.

Congratulations, you have done it. After 12 long years of homework, tests, classes, MCAS exams, and studying, you have earned your diploma and graduated from high school. Now you will begin the next chapter in your life. Remember that whatever that chapter may be, you have been prepared to be successful through your education in East Bridgewater. Many of you may have noticed the sign upon entering the high school that reads, "Through these doors pass the world's best students." In my short time here at E.B.H.S., I truly believe that. Good luck and best wishes in your future endeavors.

Sincerely,

Principal Vieira

English

The East Bridgewater High School English Department is a wonderful combination of seasoned veterans and exciting new teachers, all ten of its members working together to provide their students with the ELA skills that will prepare them to communicate effectively for the rest of their lives. Because students are required to take four years of English in order to graduate, the members of the English Department are constantly assessing, preparing

and delivering instruction that must meet the needs of the entire school population.
Beyond their role as teachers in the school, members of the English Department are prominent members of the larger school community in that they serve students and faculty as coaches, advisors, committee members and mentors.

Social Studies

The East Bridgewater High School Social Studies Department has experienced a great deal of change over the last two years, as long term veterans have retired and new young arrivals have been added to the lineup. But, although we differ in length of service, we all share one quality -- a passion for humankind's ongoing story. We firmly believe that all students should be equipped to be active, positive participants and citizens in our American and global societies. In order to fulfill that role in today's and tomorrow's world, there is a need to understand where we have come from and why we are here. The study of United States History, World History, and Current Events (tomorrow's history) allow us to better evaluate and appreciate our ever changing world.

-- Mr. Illsley, Department Head.

Ms. Duggan

"Always bear in mind that your own resolution to succeed is more important than any other."

Business

Congratulations Class of 2007! You have made it! It has been a joy to watch you grow and thrive as young adults. To those of you whom we've had the pleasure to teach, we hope you'll be able to build on the foundation that you've laid. Good luck in all you do. -Mrs. O'Brien and Mrs. Boulrisse

Mrs. O'Brien

Mrs. Boulrisse

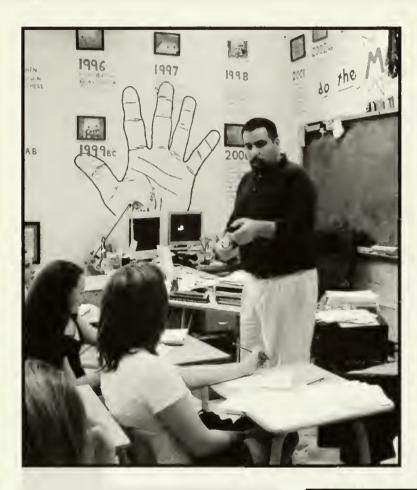

The three great essential to achieve anything worth while are, first, hard work; second, stick-to-itiveness; third, common sense.

Mathematics

The East Bridgewater High School Math Department is the place where everything should just make sense. From Mr. Charette's classes running all over the building, to Miss Alden torturing the BC Calculus students, there is rarely a dull moment. We hope that all of the students who attend East Bridgewater High School have the opportunity to take as much math as they want and feel that we provide them with all of the resources needed for them to succeed.

"If you help others, you will be helped, perhaps tomorrow, perhaps in one hundred years, but you will be helped. Nature must pay off the debt. It is a mathematical law and all life is mathematics." - Gurdjieff

SCIENCE

Congratulations to the Class of 2007!! There have been many changes in the science department over your four years at East Bridgewater High School. Many of you enjoyed courses with Coach Cushing, Mr. Parsons or Mr. Bernstein, who all retired from teaching at the end of your junior year. Now as seniors, you have seen the face of the science department dramatically change with the presence of five new teachers. From earth science to biology and chemistry or physics, the members of the department, old and new, have worked diligently to provide you with an excellent science education. We hope that your post-high school pursuits will be rewarding and bring you happiness and success. All our best to the Class of 2007.

Technology

The East Bridgewater High School Technology Department provides a strong base of knowledge in the world of technology. From Woods, to Metals, to Graphic Design, the students participate in hands-on, real-life technology, offering them invaluable experience that they will take with them for the rest of their lives.

Music

The East Bridgewater High School Music Department has for many years been synonymous with the slogan THE TRADITION OF EXCELLENCE because of the efforts of the students involved, and the hard work of a talented teaching staff. It is no coincidence that our Vikings Marching Band has been New England Champions twelve of the last thirteen years. It is also no coincidence that all of our performing high school ensembles, concert choir, Rhythmix, concert band, jazz band and marching band have been invited to perform in Disney World four times since 1990, as well as numerous other national venues including Washington DC, Virginia Beach, and Toronto Canada. Congratulations to the senior class of 2007, and best wishes to all underclassmen on your continued efforts that make our music program great.

Foreign Language

Ms. Liva

The goals of the Foreign Language department are to encourage proficiency in the target language, while instilling an appreciation of the cultures that utilize that language. Using authentic activities, music and food, the students of East Bridgewater High School learn and value the differences between our culture and that of the language that they are learning. This year, the department was fortunate to have Mrs. Seele join the team as a Spanish/French teacher.

To the seniors, we wish each and every one

Wow, it's almost over. 4 short years have gone like a blink of an eye. We've all had a lot of fun and I think we've all grown a little as people along the way. Now it's time for us to leave this nest of security we call East Bridgewater and go out to claim this world as our own. We have had the privilege to grow up in what I consider one of the best places in the world, and now it is our responsibility to go and spread our knowledge to the rest of the globe and to better this planet not only for ourselves but for our children and their kids. Good luck and I hope to see you all again some day.

I enjoy playing video games as well as miniature golf, bowling, and a variety of other activities. After high school, I plan to go to college somewhere local. I'd like to thank all the teachers from grade K-12 who have had a positive impact on my life. Especially those in the past four years. I'd als like to thank the kids who have definitely made it a fun experience. My family also deserves a lot of credit for their constant support: Mom, Dad, Diane Charette, Chris Charette, and Julie Charette. I've thoroughly enjoyed my high school career and look forward to college.

Its been a lot of fun!!

"Hello gentlemen!"

Winter and Spring Track 2-4, History Alliance 1-4, Executive 4, Cross Country 3-4, NHS 3-4. Heres to four great years at EBHS, hanging out and working hard. I have a ton of memories here at this school that I will remember for a long time. To all my amigos: Brack, Obie, Shea, Illsley, and Yaka, going hero on the warm downs. I remember all of the game nights that I held, playing Halo and Gears of War with Tony, Dan, Jac Derek, Eric, and Pat. Happy times! All of the History Alliance fundraisers and trips were amazing! In school, liked all my classes and did well in all of them. Probably the best class I took was World History with Mr. Illsle and Calculus with Mr. Siddiqui. I have no regrets or problems with EBHS. Everyone was cool with me and the classes were not bad. All in all, Great Success! Byahhhhhhh!!!!! Haulin Rollins out!

"They say that high school flies by. It only seems that way, because your brain refuses to remember all of the boring stuff."

During high school, I messed around, bugged dozens of people, had some laughs, freaked out, got on the honor roll. got punched in the face, got glasses, lost my braces, was pushed down a crowded bleacher, found out what I wanted to try to do for a living, read some books, met some people, went through three sweatshirt jackets, and tried and failed to learn how to say, "Where is the bathroom?" in French. I consider it an overall success.

PACK RUNNERS!

The Boys Cross Country team had a tremendous season. Led by Coach McCabe and senior co-captains Kevin O'Brien and Mike Brack, the team went undefeated in the South Shore League, capturing the title. The top five "pack runners", O'Brien, Brack, Matt Shea, Mike Coles, and Chris Harvey were all named to the SSL All-Star team. However, without freshman Geoff O'Brien, the team would not have enjoyed all of its success. Geoff helped the team take home two of its wins by beating out the opposition's sixth man. With a talented group of underclassmen waiting in the wings, the team is poised to continue its run of excellence.

GIRLS CROSS COUNTRY

Astor, Coach Duggan.

The Girls Cross Country team laid the groundwork for a successful future as the young squad battled to a 4-5 record in 2007. Led by Coach Duggan, the team worked hard and pushed each other to a season's worth of personal bests.

With a bevy of talented young runners and the benefit of having those runners gain valuable experience this year, the 2008 season promises to be one to remember.

Tourney Time!!!

Under the direction of Coach Driscoll, who earned Coach of the Year honors from the Brockton Enterprise, the Boys Soccer team exceeded all expectations in the fall of 2006.

Seniors Corey Gilbertson, Kyle Stetler, Tim Beddia, Tim Norment, and Jake Ellis led the way, as the boys finished with a record 14-2-2 regular season record, earning a berth in the state tournament.

With Coach Driscoll's program firmly entrenched, there are high expectations for next year's squad.

Vikings building for future

Despite a disappointing record, secondyear head coach Shawn Tarpey is excit the progress the football program made 2006-2007.

The highlight of the season was the thrilling, whoever-has-it-last-is-going-t win battle against Weston.

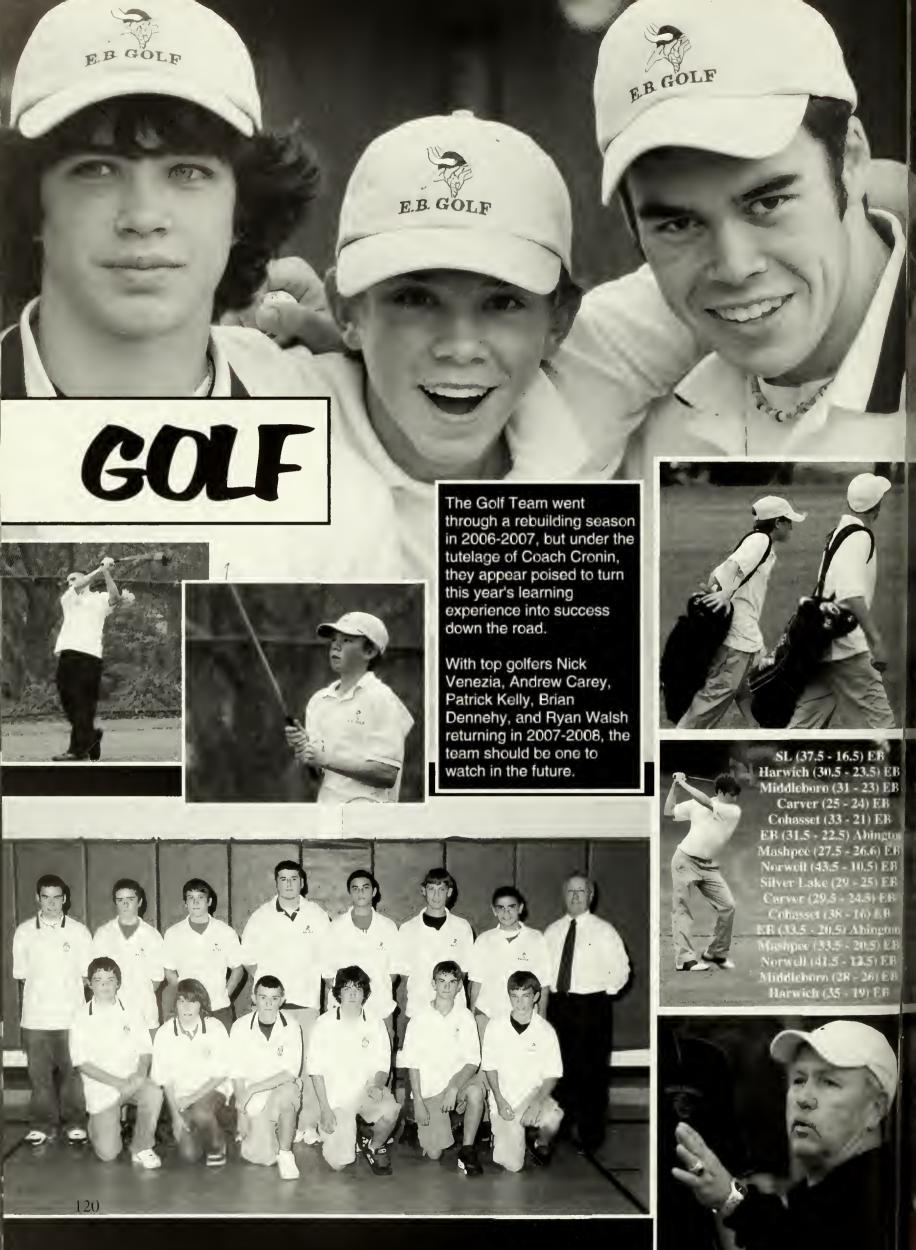

"The Weston game ended up being the Friday night home game of the year," s Tarpey. "It was our first home night go and our first home win. That was the g that running backs Brian Phillips and Nathan Brown really stepped up and provided us with a tremendous offensivattack."

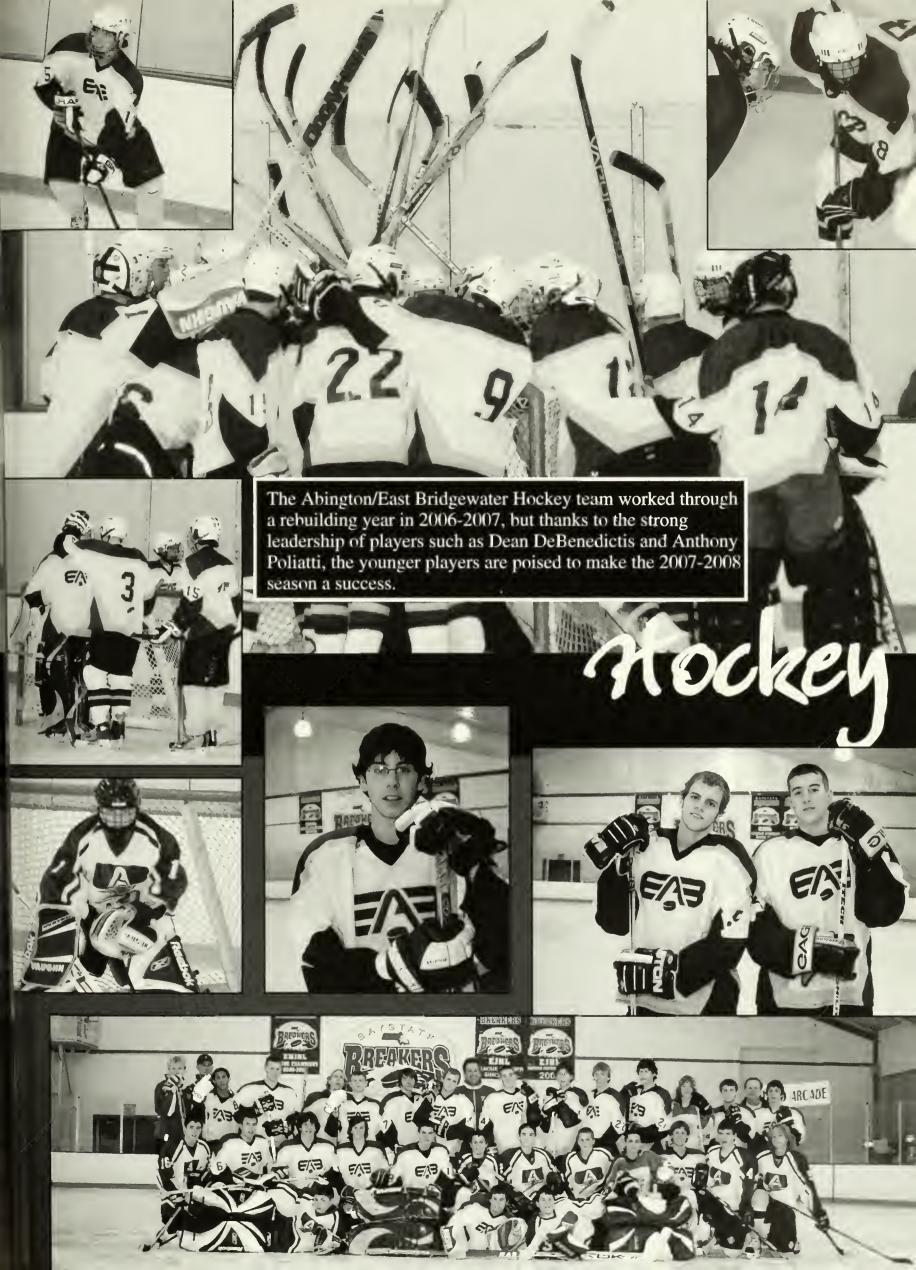

With both Phillips and Brown set to rever for their senior season in 2007-2008, the Vikings appear poised to stake their class to their own piece of East Bridgewater storied football history.

CLASS PRESIDENT - LYCIA NADOLNY

TORCH ADVISOR'S MESSAGE

The members of the Class of 2007 were in seventh grade on September 11th, 2001. Their young psyches were galvanized by tragedy and permanently altered by the events that day. But these young Americans have responded by creating a generation of hope in the face of crisis. They are capable, knowledgeable, and invested in their role as America's next great minds.

Some head off to college. Others will serve their country in the military. Still others will enter public service or the job force. They are wildly divergent in their ideas and ideals, but more accepting of others' differences. They are armed with open minds and seem innately aware of the role diversity has played -- and will continue to play -- in the formation of the unique tapestry that is America. As the IMgeneration, they are one of the first generations to have lived their entire lives in the Google-era and promise to take technology to a new level.

They are faced with many issues: political unrest throughout the world, global warming, environmental protection, education, and disease eradication, among many others. But the very fabric of their generation -- a generation marked by acceptance -- promises that from their varied ideas and ideals will come solutions to these problems.

The Class of 2007 is more mature, more knowledgeable, and more interested in the world than pre-millenial generations. It is uniquely American that a generation that came of age during crisis finds hope everyday. The Class of 2007 reinforces the concept that to be American is to follow one's dream, but it also recognizes that everybody's dream can, and should, be different.

We have handed you a world rife with problems, but burgeoning with opportunity. Given what we've seen so far from you -- your courage, your intuitiveness, and your ingenuity -- we are excited to see what you come up with. Good Luck.

- Mr. Scully, Torch Advisor.

it Couldn't Be δονε ву eδgar a. Guest

Somebody said that it couldn't be done,

But he with a chuckle replied

that "maybe it couldn't," but he would be one

Who wouldn't say so till he'd tried.

So he buckled right in with the trace of a grin

On his face. If he worried he hid it.

He started to sing as he tackled the thing

that couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that;
at Least no one ever has done it";
But he took off his coat and he took off his hat,
and the first thing we knew he'd begun it.
With a Lift of his chin and a bit of a grin,
Without any doubting or quiddit,
He started to sing as he tackled the thing
that couldn't be done, and he did it.

there are thousands to tell you it cannot be done,
there are thousands to prophesy failure;
there are thousands to point out to you, one by one
the dangers that wait to assail you.
But just buckle in with a bit of a grin,
just take off your coat and go to it;
just start to sing as you tackle the thing
that "cannot be done," and you'll do it.
